

Garry Krinsky's

Toying with Science

It has been said that Garry Krinsky resembles a living cartoon with his animated movement and non-stop energy in this high energy, fast-paced, dynamic program. In **Toying with Science**, Garry uses music and motion to explore gravity, fulcrums, levers and simple machines.

Audiences rave at how he blends scientific information and humor with lively music. Garry also uses original music to highlight his ladder balancing, juggling and physical comedy. Combining circus skills, mime, original music, and audience involvement, Garry and his audience investigate basic scientific information and delve into the imaginations of scientists who explore our world.

Friday, February 6, 2009 - 7:30 p.m.
Ocotillo Performing Arts Center - Tickets \$10.00
