

The Tweaksters!

Fabulous Feats of Physical Fun!

The Tweaksters are two talented performing artists, Regan Patno and Julia Snyder, whose quirky take on the world blends balletic feats, precision juggling, acrobatics, and creative choreography with odd objects. Their zany sense of humor tweaks and delights audiences of all ages. It's fresh, funny, and all without words. They're sometimes regarded as "the Blue Man Group without the paint."

With the Tweaksters, you can't imagine what you'll experience next. From ping-pong air raids to glow-in-the-dark illusions to skillful feats of strength and balance, they keep audiences oohing and aahing. They explore—and seemingly ignore—the laws of physics.
